## Officials of the Burlington Railroad Are Interviewed by the Sun Correspondent

### MRS. CRANE WILL STAY HERE ANOTHER DAY

#### MASS MEETING POSTPONED TO SAT. EVENING

Broadway Methodist Church  
Selected Because of Its  
Greater Capacity.

Career of Mrs. Crane and  
Work in State.

THE WORK SHE IS DOING HERE.

- Today—Taking sanitary survey with Drs. Sights and Farley.
- Tonight—Meets workers at the Woman's club.
- Saturday Morning—Talks to school children at 9:30 o'clock at Kentucky theater.
- Saturday Afternoon—Continues survey.
- Saturday Night—Addresses mass meeting at Broadway Methodist church.

Mrs. Caroline Bartlett Crane, who arrived last evening to take a sanitary survey of Paducah, will remain over Saturday and address a mass meeting of citizens Saturday night at the Broadway Methodist church. Her meeting tonight was cancelled and she will meet the workers at the Woman's club. Her date with the children tomorrow morning at the Kentucky theater is unchanged. She asks teachers and the public also to attend.

Mrs. Crane herself was the first to suggest an extension of time. When she saw the size of Paducah she declared she would have to slight her work if she spent only one day. Moreover she traveled from early yesterday morning until last night and has a headache today; the first she has had on this trip; but she has put in strenuous days and nights.

Mrs. Crane's husband is a physician, and she relies greatly on the physicians to help with the work. She insisted that Dr. Farley, meat and milk inspector, should accompany her on her rounds.

"The men have to look after this work when I leave," she said, "and they must be present at these inspections."

She has been reading the sanitary laws of Paducah. She turned to Dr. Farley with a smile, and remarked, "I am certainly pleased to meet the wonderful man, who must visit all the dairies and abattoirs twice a week and do all the impossible things that are required of you for the pay you receive."

"Isn't it wonderful," she commented to those present, "what impossible things are demanded?"

At a dairy, which was found to be in excellent condition last evening, Mrs. Crane said: "Let me see the stoppers you put in the bottles."

One was picked up. "Is it your custom," she inquired casually, "to let the men pick them up that way and handle them. You see this little flap. That is intended for use in picking them up, so that the germs from the hand will not touch the under surface."

"She is the most wonderful observer of minute details at a glance I ever saw," said Dr. Sights.

In spite of her headache, Mrs. Crane was up early this morning, calm but enthusiastic and ready for work.

She deplores the necessity of too many attendants on her inspection trips. "We are out observing, not to be observed," she said.

Every statement she makes and every move indicates that she has ever before her the purpose, not to discourage and humiliate citizens, but to show them how they can improve their city and get rid of the evil.

At the Market House.

Mrs. Crane, using her pad and pencil taking notes, accompanied by Health Officer Dr. H. P. Sights and Milk and Meat Inspector Dr. Ed. P. Farley, visited the city market this morning and a great deal of attention was paid to the meat and fish stalls. Mrs. Crane thoroughly examined all the meat blocks, the condition of the meat and how it is kept.

### Police Judge Declines to Sit in Sunday Cases and Embarrass His Chances in Approaching Election

#### David Browning Selected as Special Judge to Try Grocery and Drug Cases on Statements of Facts.

Police Judge Cross, who is a candidate for re-election, declined to sit in a case for violating the Sabbath that came up in police court this morning, and by agreement Attorney David Browning, was selected as special judge, oath being waived. The case of Jake Biederman Grocery company for violating the Sabbath was submitted on an agreed statement of facts that he did sell on Sunday. The question of law will be argued tomorrow morning before Judge Browning by Judge Campbell for Biederman, and City Attorney A. Y. Martin. In the case of Julius Butze for violating the Sabbath will be governed by the decision of the Biederman case. All the Sabbath violation cases were agreed upon, as to facts, and will be argued tomorrow morning. Attorney J. D. Moequet represents the R. W. Walker Drug company and the cases against W. J. Gilbert, W. B. McPherson and the Stutz Candy company, will be decided on by the decision of the court on the Walker Drug company case.

The Biederman company was prosecuted for keeping a grocery store

#### WEATHER

Generally fair tonight and Saturday, moderate temperature. Highest temperature yesterday, 84; lowest today, 68.

### THAW AND PATRICK ARE BOTH BEATEN AT LAST RESORT

New York Supreme Court  
Refuses Appeals of Famous  
Prisoners.

Innocent St. Louis Youth  
Pleads Guilty.

FEDERAL JUDGE TAKES PITY.

New York, June 4.—The appellate division of the supreme court today decided against Thaw in his appeal from the supreme court refusing him a jury trial as to his sanity. This means he will remain in Matteawan.

Patrick's Last Hope Gone.  
New York, June 4.—Appellate division of the supreme court denied the appeal of Albert T. Patrick, under life sentence in Sing Sing for new trial on the grounds that the governor in communicating the death sentence to imprisonment for life, violated Patrick's constitutional rights.

Innocent Man Pleads Guilty.  
St. Louis, June 4.—Proving by farmhand experts that August Poos, killed in a jewelry store here, shot himself, Edward Poos, his son, who was indicted by the grand jury today, charged with assault with intent to kill, was released. Following the shooting Edward confessed he did it. He didn't know the difference until he was indicted.

Judge Takes Pity.  
Indianapolis, June 4.—Federal Judge Anderson, it is understood, will report to Postmaster General the case of W. L. Moore, postoffice inspector, who arrested Mrs. Ida Hord, a delicate woman, charged with stealing a two cent stamp. Her husband is dying from consumption, she is ill and had to mortgage her furniture to get railroad fare to come here to answer the charge. Anderson sent the woman home.

Scotland and the Sabbath.  
Glasgow, June 4.—The announcement of the Caledonia Railroad company that it prefers to run regular Sunday train service, stirred the most bitter agitation against the "desecration of the Sabbath" ever known in Scotland.

Conditional Gift.  
Chicago, June 4.—W. N. Harris, the Chicago and New York banker, with give the Northwestern University \$155,000 if the college can raise enough to make it a million dollars during the coming year, according to the announcement made at the commencement exercises here today.

Duel With Employee: Two Shot.  
Beattyville, Ky., June 4.—Charles Eveleth, manager of the Kentucky Northern railroad, a short line running up Millers creek, was shot three times by Ed Riley, an employee whom Eveleth had discharged. Eveleth also shot Riley. Both men are in a serious condition. Eveleth was brought to Beattyville.

He Will Roast Roosevelt.  
Berlin, June 4.—Capt. Von Walheim, the best known of German hunters, will leave for New York in August to begin a lecture tour of several months, exposing what he calls "humburgery" in Roosevelt's African hunt. He contends big game hunting in Africa has degenerated into a "parlor game."

Plot Against Italians.  
McCloud, Cal., June 4.—Italian Consul General Salvatore Rocca, of San Francisco, appealed today to the Washington authorities to investigate the strike here. A full report will be forwarded to Washington. The Italians claim there is an organized attempt to drive them from the country.

HISTORY CONTEST HELD AT WASHINGTON SCHOOL.  
John Belthazar and Edwin Burnley won the gold medals yesterday afternoon in a historical contest held at the Washington school building. The class taking part in the contest was the Seventh A grade history, taught by Mrs. F. C. Leddra. The subject was the American Revolution. Miss Maurin Rye was given a dollar by Mrs. E. H. Boone, past regent of the local chapter of D. A. R.

STREET CAR MEN WIN.  
Philadelphia, June 4.—The strike of conductors and motormen ended today with strikers victorious on every point, except the wage increase, from 22 to 25 cents an hour. A conference will be held today. It is practically certain peace proposals will be agreed upon and the men will return to work tomorrow.

FOREST FIRES.  
Dauphin, Manitoba, June 4.—Forest fire, covering hundreds of miles of timber, are sweeping over the North Saskatchewan country. Passengers arriving on trains today tell of great devastation being wrought. It is estimated the loss is a million so far. No loss of life is reported. It is feared farmers living in sparsely settled districts have suffered. The district is settled by United States immigrants.

SHOOTING ELEPHANTS.  
Kijabe, June 4.—Roosevelt will attempt today to get his first shot at an elephant in the dense fog where many find safe retreat. Because of his desire to get an elephant, the trip to the Sotik district, where they are more favorable, was postponed until tomorrow. He addressed missionaries and praised the work they are doing in Africa.

PADUCAH ON GUARD.  
Washington, June 4.—Wireless dispatches from Puerto Cortes received by the state department today report the town of Ceiba, Honduras, under martial law. A revolutionary attack is said to be threatened. The American gunboat Paducah is in those waters and is requested to call at Ceiba.

### Earthquake

Manila, June 4.—The seismograph here recorded a severe earthquake lasting over two hours early today. Two heavy shocks were heard at Singapore. No damage is reported.

Arrest for Hotel Murder.  
Chicago, June 4.—On the strength of an anonymous accusing letter the police this afternoon are holding Frank Keller, 23 years old, in connection with the death of John Binkley, an aged Evansville, Ind., physician, supposed to have been murdered in a local hotel. The writer of the letter said he heard Keller telling another man he had killed an old man to get "some easy money."

### DR. PENDLEY GIVEN A PARTIAL VERDICT

A verdict for \$20 was returned this morning by the jury in the case of Dr. J. D. Pendley against Salina Riley and George F. Moore. The suit was filed by Dr. Pendley for \$58, alleged due for professional services rendered Mrs. George F. Moore. The case was fought hard, and much interest was manifested in the case. The defense sought to prove that improper treatment was given Mrs. Moore, who died. Physicians were introduced on both sides and medical authorities were introduced.

### FARMERS' UNION TO HOLD STATE MEETING

July 26 and 27 will be the dates for the annual meeting of the Kentucky State Farmers' Union, although the meeting place has not been selected as yet. Yesterday the state board held a meeting in the city and discussed matters pertaining to the annual meeting. Several towns are after the meeting, but the board will not make its decision until the inducements of every location is understood. Princeton, Central City, Marion and Kuttawa are after the meeting and the race has narrowed down to the four. As the Farmers' Union has members in the upper part of the state a central location is desired.

Platte On Rampage.  
Douglas, Wyo., June 4.—Heavy losses are reported along the Platte and its tributaries which are out of their banks, and rising today about a half inch an hour. A child was drowned by the collapsing of a bridge over a creek.

Minneapolis, June 4.—Telegrams from leaders of the Grand Army and Confederate Veterans all over the country are being received by the Minneapolis Journal in approval of a campaign for a great reunion of the blue and gray to be held next year in Washington under the supervision of the secretary of war.

### WILL ENTER METROPOLIS FROM HERRIN, ILLINOIS, BEFORE FIRST OF MARCH

Chief Engineer Calvert Tells Plans of Road and Physical Obstacles That Will be Overcome.

NEGOTIATIONS WITH THE ILLINOIS CENTRAL TO USE BROOKPORT AND PADUCAH TRANSFER BOAT

Specifications Seen For Bridge Two Miles Long With Double Tracks Across Ohio River at Metropolis.

Metropolis, Ill., June 4. (Special.)—Vice President Willard, Locating Engineer Parsons and Chief Engineer Calvert, of the Burlington, arrived in Metropolis last night and corroborated the report that their railroad is seeking an entrance into this city. Chief Engineer Calvert said unless the unforeseen occurs the Burlington will be running trains into Metropolis by March 1, 1910.

The haste which the road is making to reach this city is shown by the statement of Mr. Calvert that nine miles of temporary track will be laid around the Ozark hills in Johnson county, which will be tunneled later. It is not known why the road is in such a hurry. Mr. Calvert said the road wishes to reach the river to get its own cross-ties. To do that it will build 45 miles of track from Herrin, tunnel the Ozark hills and fill in swamps. It is also known that the officials have laid a proposition before the Illinois Central for use of its tracks to Brookport and its transfer into Paducah.

The officials arrived yesterday afternoon from Herrin, where they left their private car. They crossed the river at the site located for a bridge, and specifications of the bridge were shown your correspondent here.

No orders have been given tenants on the property of the road here to move July 1, and so far as Mr. Calvert knows, no wrecking apparatus has been sent down to move the few houses on the company's property. As stated in The Sun several weeks ago the tenants have orders to move out September 1. All the houses can be wrecked by workmen.

The proposed road will come in an almost straight course from Herrin, and the tunnel of the Ozark hills will save nine miles and a one per cent. grade. No other way of crossing the swamps in Johnson county could be devised than to drain and fill them.

The officials seemed much interested in Paducah and inquired about industrial conditions and the arrangements made to enter the city.

BEST BRIDGE SITE ON RIVER.  
Mr. Calvert said the bridge site at Metropolis is the best on the river. Its approaches will be only a half mile on each side, as compared with a total of five miles approach to the Cairo bridge, thus reducing the expense enormously.

The bridge will be double tracked and will be 3,000 yards long. The cost will be \$1,000,000 the 1,000 yards, or a total of \$3,000,000. The center span will be 500 yards long, according to the latest government specifications, to permit big tows to pass. The bridge will be 115 feet high, of 50 feet above high water mark, so boats can pass at all stages.

It is said that shops will be located at Paducah or Metropolis, as the nearest shop is at Beardstown, Ill., 150 miles away; but Mr. Calvert would not speak definitely on this subject. These officials knew nothing about the plans of other railroads to enter Metropolis, but there is a rumor of the Louisville & Nashville coming across from Paducah to connect.

The Birmingham Extension.  
The Birmingham News says: Birmingham will make a big gain in its transportation facilities, this fall when the Burlington and Wabash systems of railroads will begin the operation of through trains to New Orleans and other Southern points over the tracks of the Nashville, Chattanooga & St. Louis and the Louisville & Nashville railroads.

It will be an easy matter to connect with the Nashville, Chattanooga & St. Louis at Paducah, and carry trains over that line to Nashville where the main line of the Louisville & Nashville will take the trains and bring them through Birmingham and to New Orleans. The Nashville, Chattanooga & St. Louis will give them direct connection with Memphis, Chattanooga, Atlanta and other Southern points that have been very desirable in the eyes of the management for some time past.

The new connection has been especially desirable since it has been seen that the construction of the Panama canal is proceeding so smoothly and rapidly—in fact, a satisfactory southern connection became imperative. The Louisville & Nashville has been facing the same necessity for just such connections in the north as the Burlington and Wabash railroads will give it.

To Chattanooga.  
The announcement of this statement, which is absolutely authentic, (Continued on Page Four.)

### Another English Scare

London, June 4.—Germany will support Russia in her land grabbing scheme in Persia in return for a Russian guarantee of German outlet from the Persian gulf. The coming visit of the Kaiser to the czar is expected to bring forth what it is believed will result in a combine against England.

### Honor for Warden

Frankfort, June 4. (Special.)—Warden Hagerman, of the Eddyville prison, was appointed one of the delegates to the prison conference at Seattle next year.

**A RUDE AWAKENING FOR LOVE'S YOUNG DREAM**  
 Washington, June 4.—President Taft has approved a change in the naval regulations recommended by Secretary Meyer, by which midshipmen are prohibited from marrying until the completion of the prescribed six years course of training. Permission of the secretary of the navy has been sought by a number of midshipmen who desired to be allowed to marry after their graduation from the naval academy and by others while they are on their two years' tour of instruction at sea. The naval academy regulations forbid any midshipman from marrying while at the academy, but do not apply to midshipmen who have been graduated and are serving at sea. No order existed in the United States naval regulations preventing the midshipmen from marrying, and today's change in these regulations provides an absolute prohibition.

## BREWERS TALK FOR REGULATION

Speakers Declare That Low Dives Are Responsible.

Make Effort to Separate Liquor Business From Vices That Have Crept Into Dispensing Beer.

THE OFFICERS MAKE PLEDGE

Atlantic City, N.J., June 4.—Proper regulation of the liquor traffic and strict enforcement of the laws governing saloons were strongly recommended by the speakers at session of the convention of the United States Brewers' association.

Percery Andrus, of the Ohio State Brewers' association, said that the low dives were largely responsible for the agitation against the liquor business and he urged the members of the association to pledge themselves to assist in wiping them out. William C. Manchester, of the Michigan State Brewers' association, took the same stand.

President of association, Carl J. Hoster, of Columbus, Ohio, pledged himself to devote his efforts as head of the organization to obtaining proper regulations of saloons, enforcement of the laws and separation of the liquor business from the vices which have crept into the dispensing of beer.

The association in secret session adopted a resolution to the effect that brewers who ship beer from their state to other states and acquire customers in other states should conform to the regulations and limitations which have been adopted by local and state brewing organizations into whose territory they ship, and that they should assist the local brewers in their efforts to improve saloon conditions.

Shipping brewers, the resolution urges, should induce their local agents and bottlers to co-operate with local brewers and the local authorities in this respect.

## HYGIENIC DIET

People who prefer a vegetable diet to one of meat and who look for maximum nourishment with variety find a most unusual food in Faust Brand Spaghetti.

So admirably does it lend itself to the making of endless tempting and nourishing dishes—whether for dinner or supper—that it has taken the place of meat even in many non-vegetarian homes.

Then consider the economy of it! At only five and ten cents a package it has as much as a nourishing, sustaining food within reach of all.

And as to its adaptability—the book of recipes sent free on request merely suggests the endless number of ways of serving it—as a simple side dish, a sweet pudding, or as the best part of a substantial meal; and, what is best of all, in such appetizing and tasty forms that it is always welcome.

## CHANGES HER MIND TWICE

Woman Delays Sailing of the Big Steamer Kaiser Wilhelm II.

New York, June 4.—Because of the traditional right of a woman to change her mind, the steamship Kaiser Wilhelm II. was delayed many minutes yesterday in sailing for Europe. The Misses Julia and Georgia Carson, of Pittsburgh, had booked passage, and early yesterday Miss Julia declared that she was indisposed and would not sail. Their trunks had been sent aboard, and Miss Georgia went to the pier a few minutes before sailing time and ordered the trunks taken from the ship.

After four of them had been taken off it was discovered that the fifth one was on the hold, and this trunk contained about \$20,000 worth of jewels. The captain ordered the hold opened, and the sailing time of the vessel had passed when Miss Julia Carson arrived in a taxicab and announced that she had again changed her mind and would sail on the ship.

The sisters went aboard, and several more minutes were lost in putting the four trunks back on the vessel.

## CROTTY IN CAIRO.

Old Time Kitty League Player There On Visit.

Cairo, Ill., June 4.—Frank Crotty, of Detroit, who was a member of the Cairo club in the Kitty league in 1903 and 1904 arrived in Cairo yesterday from the south on his way north. Crotty has not been following baseball the last two years and would like the support of the citizens to form an independent club here. He stated that he could get a team on small salary and short notice to come to Cairo and play.

If a man marries money, he should be devoted to his wife.

**June**

The month of weddings is at the door and June brides there will be many. Perhaps you have a relative or friend that is to be either Bride or Groom. This will call for a gift. What will you give? Why not give Silver, Cut-Glass or Hand-Painted China? These are gifts which last many years and keep the sentiment alive. We have just received a new assortment of hand-painted China, also silver at prices that are attractive, also a nice line of cut-glass. Better call and let us show you. You will not be urged to buy.

## SENATORS SHOW THEIR TEMPERS

Several Clashes During Yesterday's Session.

Aldrich and Stone Occupy Three Hours in Squabble Over Germany's Statement of Wages Paid in That Country.

THE NIGHT SESSION TONIGHT

Washington, June 4.—The senate was not in an amiable state of mind and as a consequence there were several clashes of temper. The day was begun with a speech by Stone, of Missouri, in which he asserted that German officials had taken exceptions to remarks recently made by Aldrich relative to the wage statement supplied by the German government at the request of the American secretary of state. Aldrich had characterized as "impertinent" the effort which he claimed had been made in that statement to influence American tariff legislation, and Stone undertook to show that the attempt had been applied to the German government. Aldrich resented this implication but he repeatedly said the German manufacturers had undertaken to influence the course of the tariff bill and he charged that in so doing they had been guilty of impertinence.

During the course of his remarks Aldrich intimated that Stone was acting as a representative of Germany and this remark aroused the anger of the Missourian. Declaring his right to speak his mind as an American senator he said the use of the expression was "a gross impertinence." The colloquy consumed almost three hours of the day.

Following the Aldrich-Stone episode La Follette resumed his speech in opposition to the cotton schedule, which proved to be a general criticism of the methods of the finance committee. He asserted that the German wage report had, contrary to the statement by Aldrich, reached the committee before the tariff bill was reported to the senate and he charged the committee with general neglect in withholding information from the senate. He opposed the new cotton duties as excessive and made an argument in favor of a general scaling down.

Towards the close of the afternoon session La Follette became quite exhausted and an effort was made to obtain permission for him to suspend and resume again tomorrow. Aldrich took advantage of the incident to make an effort to obtain an agreement to vote on the cotton schedule at a fixed hour. In this he was successful and after ten or fifteen minutes of recuperation the Wisconsin senator proceeded. At 5:30 the senate recessed until 8 o'clock.

"My Lord In Livery" a one act farce, will be presented at the Casino theater at Wallace park to-night by the junior class of the High school. For several weeks the students have been rehearsed, and an unusually good performance is expected. The proceeds will be used for the publication of the "Iskhoodah," the High school paper. A nominal admission will be charged.

The cast is:  
 Sybil ..... Ruth McChesney  
 Rose ..... Ora Pryor  
 Laura ..... Pauline Hank  
 Edith ..... Lorraine Sutherland  
 Spigot, the butler, Edwin Lightfoot  
 Hopkins the new footman.....  
 Charles Endriss  
 Robert, the page..... Pittman Harth  
 Lord Tirlmore, the Lord in Livery..... Edwin Mitchell

The scene is laid in the country house of Sir George Amberley, Sybil's father.

## What's in a Name?

As old German, wearing a faded blue coat and a campaign hat, limped into the office of a palatial dog and horse hospital, bequeathed by a humane millionaire to the town of X.

"I wish to be admitted to this hospital," he announced to the superintendent, "I've got heart trouble. I'm a G. A. R. man, and I can prove it."

"But you can't enter this institution, my good man."

"Sure I can. I fight at Gettysburg. I had got a weak heart efer sence, I can prove it."

"Can't huh? Why not? I was a soldier. I can prove it."

"But this is a veterinary hospital."

Union Labor Clause Cut From Kansas Contract.

Topeka, Kan., June 4.—No preference will be shown union labor on state contracts under the present administration. This was made clear at the meeting of the executive council, composed of the state officials. Some repairs were needed in the offices of the state labor commissioner and State Architect Chandler prepared plans and specifications for the work and was about ready to ask for bids. In the advertisement the architect provided that "the work must be done by union labor."

"That clause must be cut out," declared Gov. Stubbs. "Every man with two hands is entitled to earn a living. The state doesn't propose to put up the bars against any kind of honorable labor."

All the other state officials approved the position taken by the governor. The state architect was directed to eliminate the union labor feature of the contract.

## BIG SURPRISE AT GRAVESEND

Hildreth's King James Wins  
Brooklyn Handicap.

"Celt" Was Favorite But the Best He  
Could Do Was Win Third—Resti-  
gouche, Another

HILDETH ENTRY, WAS SECOND

Gravesend, N. Y., June 4.—King James, owned by S. C. Hildreth, winner of the Metropolitan handicap, added to his laurels by winning the Brooklyn handicap, \$5,000, a mile and a quarter in 2:04. James R. Keene's Celt was the favorite, but the best he could do was to finish third, being beaten for second place by Restigouche, also owned by Hildreth. The time made by King James was a new record for the Brooklyn handicap, being 1-5 of a second better than that made by the Celt last year. King James was splendidly ridden by Eddie Dugan. The defeat of the Celt was a great disappointment to the racing public, which had made him the favorite at 3 to 1. King James and Restigouche coupled were 2 to 1 in the betting. The race was one of the greatest surprises of the season. From the rise of the barrier to the last furlong, Restigouche led all the way with extraordinary speed. King James, however, was following strong and when but a furlong from home pushed his nose in front of the flying leader and he by inch crept past him until a wire he was leading his stable mate by a full length, while Restigouche was three lengths in front of the floundering Celt. The betting element had reason for surprise and disappointment. Restigouche, running alone, was variously quoted, as high as 20 to 1 being laid against him to win. Keene's Celt was held at 1 to 3, seemingly prohibiting odds, but he had a host of backers. His performance of last year encouraging them to make him their favorite. Three other starters, High Private, Frank Gill and Berkeley, finished in the order named.

## MEDAL WON

BY IRVIN ROOKS IN DECLAMATION CONTEST.

High School Scene of Interesting  
Exhibition Last Night—All  
Did Well.

Had Irvin Rooks, winner of the declamation medal presented by the Rev. M. E. Dodd at the high school last night, missed on one of his points he would have lost the medal, so close was he run for first honors by several of the contestants. There were seven, four boys and three girls, and their work showed exceptional training, careful selection and great native ability. The award was made by a committee composed of Mrs. Hal Corbett, the Rev. D. C. Wright and L. V. Armentrout. The judges were given lists of declamations to grade, and the average was cast up by Professors Carnegie and Gugg.

Professor Gugg introduced Edward Mitchell, who presided. Between the declamations a beautiful musical program was given by Misses Almee Dreyfuss, Julia Dabney and Lucile Harth.

The medal was engraved: "Declamation, June, 1909, P. H. S."

## HAS SECURED ALL EVIDENCE NEEDED

Police Captain Kane of Chi-

More Women Named Who Were In-  
timate With Physician Who is  
Believed to Have Murdered

WIFE BY ADMINISTERING POISON

Chicago, June 4.—The admission of Police Captain Kane that he has all the evidence he needs, the linking of Dr. Clemenson's name with two more women, were the main developments in the mystery surrounding the death of Mrs. Norah Jane Clemenson.

Kane said that when the chemists who are analyzing Mrs. Clemenson's stomach and intestines, made their report, he would have all the evidence he considered necessary for the prosecution of the case.

He refused to divulge any of his new evidence saying the trial would be the place for that.

Miss Matilda Timmy, a nurse at the home of former State Senator Dawson, was named as an intimate friend of Clemenson. She was questioned by Kane but denied and knowledge of Clemenson.

Later, however, it is said she admitted to Dawson that she had lied. An anonymous letter received by Kane named a Miss Mamie Osborn as another friend of Clemenson.

and in what condition the knives are kept and also what becomes of the scraps. The same attention was given the meat stalls and also the places where butter is sold. Several fish stands and small restaurants on lower Kentucky avenue were visited. Mrs. Crane also paid a visit to the chicken market on South Second street. Suggestions of how conditions could be improved were given all the proprietors of the different places Mrs. Crane visited.

She inspected the city jail this morning, and remarked on the fact that it is underground.

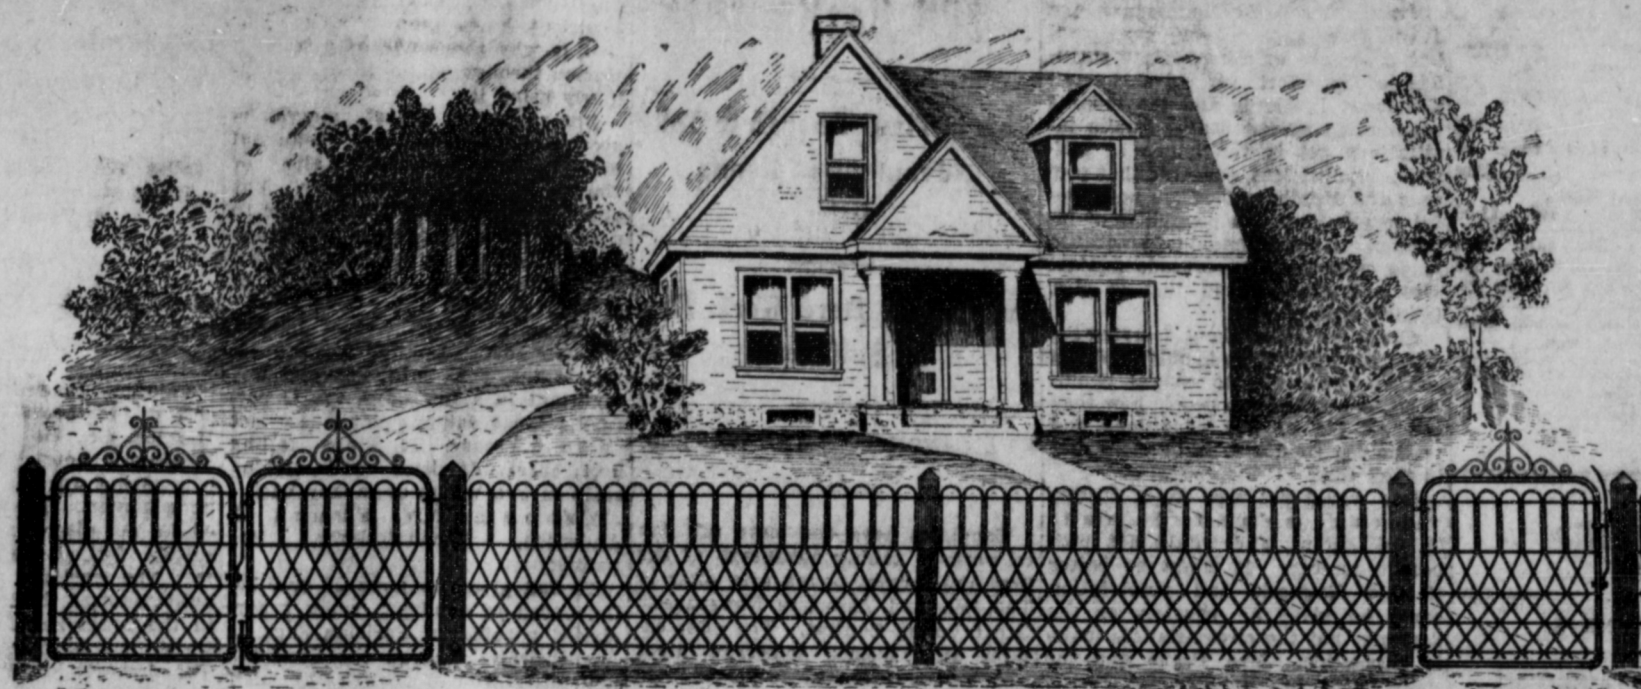

### Her Day's Work.

Strenuous was the work today of Mrs. Caroline Bartlett Crane, known as the woman who cleaned up Kalamazoo, in her labors of inspecting the sanitation of the public institutions of Paducah. She arrived yesterday afternoon from Bowling Green and today has been busy. Originally Mrs. Crane intended to leave Paducah tomorrow at noon, but today she decided to remain over until Sunday at noon. Consequently she will make her report at a mass meeting Saturday night at the Broadway Methodist church. Tomorrow morning she will speak to the school children at the Kentucky theater. The teachers and grown people are expected as well.

Mrs. Crane arrived yesterday afternoon from Bowling Green two hours earlier than she was expected, and no one was at the station to meet her. With her usual independence Mrs. Crane found her way to the Palmer House and the news of her arrival soon spread. Late yesterday afternoon she with Mrs. James A. Rudy, president of the Woman's club, and Dr. H. P. Sights, city health officer, rode over the city. Mrs. Crane was impressed favorably with Paducah, and said: "The streets of Paducah are just lovely. The paved streets are in excellent condition while the gravelled streets are in such fine condition. The streets are the best I have

seen in my travels over Kentucky."

She inspected a dairy and several other places last night.

Mrs. Crane has a program made out which she follows almost in every city. This morning she left the hotel in company with Dr. H. P. Sights and her first visit was to the market house. She walked through the market shoulder to shoulder with citizens, who were purchasing food. Mrs. Crane carefully inspected the meats and the place of storage. Her next visit was to the plant of the water company, and she paid particular emphasis on the locations of the intake pipe in the river and the manner of filtering the water.

### Public Institutions.

Public institutions will come in for nearly all of the inspection as Mrs. Crane usually fights shy of the private institutions. "It is to the place where the forgotten people are kept, that I devote my time," said Mrs. Crane. "Then in the private institutions the directors usually are timid to criticism, and if I do not make any statement then it is taken for granted that the conditions are good."

"My criticism is constructive," said Mrs. Crane, "and while I criticize I do so in a manner to show the residents how to better conditions. I always try to co-operate with the officials wherever I go, and in fact I have been treated splendidly in every city I have visited in the state. My object is to find out the chief sanitary needs of the city and to criticize. I have been over much of the district occupied by the colored residents and I find it in good condition."

In her inspection trip today, Mrs. Crane paid particular attention to the bakeries and dairies, county sanitarium, county and city jails, the condition of the sewerage system and the extent of it, the slaughter houses, the sanitary condition of the school buildings, the city hospital. The homes of the poorer class of people will be investigated carefully with reference to the sanitation.

### Talk to Children.

Mrs. Crane especially desires a large audience of school children for tomorrow morning when she will talk to the children on "What the Children of Paducah Can Do to Make the City Cleaner and More Beautiful." Adults are invited to the meeting but the children must be given first choice, and room made for them.

Mrs. Crane speaks enthusiastically of her work, and she goes into it with a vim that is surprising. She has an eye that can see more than the average individual, and has a voice of unusual strength for a woman. It is clear, and before an audience she is a speaker that may be understood easily, and her talks are entertaining because of the life she puts into them.

In every city where an inspection is made a popular report is made at a mass meeting, but Mrs. Crane makes a written report to the state board of health, as well as to the president of the local Woman's club. In Owensboro June 10, when her trip over the state will be closed, she will make a report of the sanitary conditions over the entire state from her observations, while written reports will be sent over the state.

### She Is a Preacher.

Properly speaking she is the Rev. Mrs. Caroline Bartlett Crane. For ten years she has been pastor of the People church in Kalamazoo, Mich. It is non-sectarian in belief. Kentucky is not a stranger to Mrs. Crane as her mother lived in Kentucky for many years. Hawesville is her mother's home, and she has relatives residing there now. After the conclusion of her inspection Mrs. Crane will visit Hawesville for a short rest and visit, but will also lecture to the residents on the sanitary conditions.

Mrs. Crane has visited Cynthiana, Lexington, Richmond, Berea, Frankfort, Harrodsburg, Louisville, Bowling Green. From Bowling Green she came to Paducah, and Sunday will leave for Henderson. From Henderson she will go to Owensboro and

close her state-wide campaign for sanitation.

### Her Career.

In speaking of her work Mrs. Crane said: "I became interested in the work from the viewpoint of a housekeeper. When I was married I went to housekeeping, and in a short time I found out that it was impossible to keep a home clean in the city, and I began to work at once to better conditions. I began to wonder where the meat came from, and made an investigation. The conditions were bad, and I went to work. It meant the passage of a bill through the legislature, but by hard work it was secured. So my work broadened out, and I have criticised every branch of civic life. In some of the larger cities I have made investigations of not only sanitation, but in every department."

Kentucky is the second state that Mrs. Crane has undertaken to cover. In her home city of Kalamazoo and

What Would you be willing to give, man or woman, if you knew how to change your gray hairs to the color of youth, and, if you are a woman, to increase the length and vigor and glossy texture of your hair to an extent, what you ardently crave, but have hitherto as your wildest dreams never thought attainable.

John Birkholz, Omaha City, says: "I used Q-Ban Hair Restorer two weeks, the gray hairs I had have resumed their natural color."

Lucia Mason, this city, says: "Two applications of Q-Ban Hair Tonic stopped my hair coming out, and cured completely an intense itching of the scalp, and removed all dandruff from which I have suffered for years."

We have these testimonials on file in our office signed as above. Q-Ban Hair Restorer and Q-Ban Hair Tonic are not idle dreams, they do the work. If six bottles of Q-Ban Hair Restorer (and it only requires six bottles for the most obdurate case that has ever been treated) fails to bring back your gray hairs to the natural color of youth, your money will be refunded by the druggist of whom you buy the preparation. You know your druggist—ask him. Every gentleman, every well-bred and well-groomed man should use the Q-Ban Hair Tonic. It will save what hair you have; will keep the scalp in healthy condition and will increase the vigor, length and glossiness of the hair. To the needy it is a necessity to the gentleman or the gentleman a fine habit. Ask your druggist, W. B. McPherson sells and recommends these preparations. If you are gray-haired or partly gray he will give you the first package of Hair Restorer free. Simply call and ask for it.

the state of Michigan she has done much work. In New Hampshire she made an inspection of the state in regard to the condition of the penal and charitable institutions, only. In Pennsylvania she has done considerable work, and in Scranton, Erie and Wilkesbarre she has made close investigations. Last winter she made an inspection trip of several towns in Florida.

Mrs. Crane is making the trip through Kentucky under the direction of the state board of health, the pure food department of the state experiment station, and the Kentucky Federation of Woman's clubs.

### Politics.

"In Kentucky," Mrs. Crane said "I have seen some of the public institutions that were regular palaces. The buildings on the exterior made an appearance that rivalled the old castles of Europe, and the citizens who passed by were in absolute ignorance of the miserable sanitary conditions under which the inmates were forced to live. Some of the public institutions have been found in splendid condition, and the poor forgotten people were living in as good comfort as if in a private home."

Owing to the short time for her trip over the state, Mrs. Crane is not considering the management of the public institutions. She said, "Probably some of them are managed badly; for tell me what public institutions of Kentucky are not mixed up with politics."

The Results of Her Visits. Following in the footsteps of Mrs. Crane it has been learned that active steps have been taken towards taking advantage of her criticism, and no doubt the citizens of Paducah will take advantage of her knowledge of proper sanitation. In Frankfort, following her address at the mass meeting, a meeting of the citizens was held in the same building the next day and steps were taken to begin work at once to improve the sanitation of the city. In Louisville the day following her criticism of the Jefferson county almshouse, \$25,000 was raised within a few hours for the improvement of the sanitation of the building. In Harrodsburg her criticism of the lax methods of duty resulted in a suit being filed against her, but since the citizens have personally inspected the buildings, and have condemned them in as vigorous language as did Mrs. Crane.

LEGISLATURE ADJOURNS SINCE  
DIE AT LAST.

Prohibitionist Paper Charges That  
Sunday Morning Was Drunken  
Debauch.

Springfield, Ill., June 4.—Without the enactment of any deep waterway legislation the general assembly adjourned last night.

The conference committee of the house and senate which spent all Saturday night in an effort to reach an agreement on the waterway legislation continued its labor from 5 o'clock this afternoon until within a few minutes of the midnight hour. It having refused to concur in the report of the conference committee, the committee asked for further conference. Each house reapportioned the same members to represent it upon the committee. As the last effort the conference committee reported back the bill providing for a commission of seven men to adopt plans and devise and means of proceeding with the construction of the deep waterway. The report was adopted in the house, 99 to 9. The senate rejected the report, 15 to 22.

That the legislature would adjourn without passing a waterway bill has been confidently forecasted for several weeks.

Motor Cars in Germany. The official German statistics of motor vehicles for passengers and freight traffic for the three years 1906, 1907 and 1908, showed 27,026, 36,062 and 41,727 vehicles of different classes. There was, says Engineering, in 1908, an increase of nearly 16 per cent over 1907, against an increase of 33 per cent in 1907 over 1906. The increase affects particularly the more powerful carriages and rather expensive motor cars, prices of which went down last year. The number of accidents has decreased, but Berlin had as many as 71 accidents for every 100 vehicles.

More than 30,000 workmen are killed in the course of a year in this country by accidents incidental to their occupations.

## Daily Thought.

Habit is one of the most admi-  
rable of servants. It is a saver of  
time and of energy. But it is the  
most tyrannical of masters. Do not  
let it get the better of you.

The people of Africa are showing  
Theodore Roosevelt the elephant.

Perhaps, it occurs to newspaper  
readers that most of the tariff  
speeches in the senate are for pub-  
lication back home.

The moon was the star of celestial  
vaudeville last night when it did a  
blackface stunt. The sun will be in

the Burlington railroad to enter Met-  
ropolis. It was The Evening Sun,  
which several weeks ago, announced  
that tenants on its terminal property  
at Metropolis were notified to vacate  
September 1, and today The Evening  
Sun publishes an authentic interview  
with officials of the railroad, who  
were at Metropolis last evening. It  
is The Evening Sun, which announces  
the accurate plans of Mrs. Crane.  
News is made in the daytime and the  
evening paper prints the news, while  
it is hot.

## AN APOSTLE OF GOOD HEALTH.

It is with pleasure we learn that  
Mrs. Caroline Bartlett Crane will re-  
main in Paducah two days, taking a  
sanitary survey of the city and talk-  
ing to the citizens about what is  
necessary to realize the full value of  
our environments. Two things are  
made clear by acquaintance with Mrs.  
Crane; she is not seeking notoriety,  
and while she speaks plainly and  
frankly about conditions, she never  
loses sight of the fact that the pur-  
pose of her coming is to improve the  
city, and not to detract from it.

While healthfulness and safety and  
comfort are not as necessary to the  
location of a city as a strategic in-  
dustrial and commercial position,  
they are essential to the proper  
growth of the city and absolutely  
necessary to a full realization of its  
possibilities. This fact is self-evident.  
Two cities situated alike, one beau-  
tiful, clean, healthful, safe and com-  
fortable to live in, and the other the  
exact opposite in all these respects,  
will not grow alike. The first city  
will outstrip the other, not only in  
the proportionate amount of business,  
through the liberal advertisement its  
charms will give it.

Now healthfulness and safety and  
comfort are not won by making

their due and loyally covering the  
defects. These qualities come from  
courageously studying the defects and  
eliminating them, and developing the  
advantages to their full possibility.

Cities build expensive sewer and  
water systems, clean streets and take  
elaborate measures to reduce the  
death rate and prevent contagion,  
but ignorance of the populace multi-  
plies every effort for advancement.  
Tenement landlords and the tenants  
combine to spread death; public in-  
stitutions get in the hands of self-  
seeking politicians, concerns that pre-  
pare and distribute food are not care-  
ful to eliminate the possibility of in-  
fection. A crusade against ignorance  
is as essential as a crusade against  
vice and disease, and that is Mrs.  
Crane's mission.

She is not going about deprecating  
the cities she visits. She is only applying  
special knowledge to special condi-  
tions, and telling the people how they  
can get rid of bad conditions and  
realize the best that is in them and  
in their city.

One would not care for a doctor,  
who refused to diagnose the case to  
its full extent, and would not pro-  
pose a remedy. It might be better  
if this diagnosis and prescription  
could be given as privately as the  
doctor's; but the circumstances make  
it impossible. Mrs. Crane and the  
newspapers are talking to 30,000  
people in Paducah, and it is neces-  
sary to talk loud for all here. The  
work will be of no avail unless every  
one knows the details and assists; for  
those who did not hear and heed  
would offset the efforts of the others.  
It is that ignorance and heedlessness  
we are trying to correct.

Recognizing this purpose in Mrs.  
Crane's visit (and by the way she  
comes here under the auspices of the  
state board of health and the federa-  
tion of women's clubs) let us meet  
her halfway, and however unpleas-  
ant the truth may be in some cases,  
get all the good we can out of her  
visit, and determine to correct those  
conditions, which she tells us how to  
correct.

Be assured Mrs. Crane will not  
point out a fault without showing a  
cause and a remedy, and that is the  
final test of the worth of advice.

## HEALTH HINTS

Did you ever think how you con-  
tracted disease? Ask some one how  
many diseases are contracted from  
the common house fly lighting on  
your food, leaving poisonous germs to  
be taken into your digestive  
tracts.

There is no place too foul for him  
to treat with his tiny feet, taking  
up the most deadly germs and con-  
veying them into your home.

Take a look at his feet under the  
microscope and see that wonderful  
arrangement he has for walking on  
your ceiling. When not used for this  
purpose, is filled with infectious filth.

Keep everything screened from  
him, your garbage can, your house,  
if you please.

## D. A. R. Leader Dies.

of the American Revolution is dead,  
aged 57.

## VALPARAISO GOES WET.

Only Two of the Twelve Townships  
Voted Dry.

Valparaiso, Ind., June 4.—Porter  
county voted wet in a local option  
election by a majority of 375 (unoffi-  
cial). The wets carried the city of  
Valparaiso by 102 majority.

Only two of the twelve townships  
voted dry. No attempt was made to  
vote students of Valparaiso univer-  
sity. The wets, it is believed, gained  
strength by their overwhelming victory  
in La Porte, an adjoining county.

## AIR MAY BECOME POWER.

Latest Invention of Motor by a Chi-  
cago Man.

Chicago, June 4.—Automobiling  
without gasoline, electricity or  
steam; aerial navigation without be-  
ing dependent on the wind; boating  
without oars, steam, electricity or  
gasoline—all these are within the  
realm of possibility if the invention  
of a Chicagoan proves equal to his  
expectations. He declares his in-  
vention solves the problem of aerial  
flight and that the Wright brothers  
are already interested in it. The in-  
ventor is John A. Wade. The force  
obtained is by atmospheric pressure  
entirely and that is obtained by re-  
moving the air from the open end of  
a number of casings and allowing  
the atmospheric pressure to operate  
on the rear or closed ends of the  
casings, producing the same result  
as the casings as is produced on a  
piston in a pneumatic tube when the  
air is removed from the tube.

## ANOTHER FULL DAY IN WHICH TO WORK FOR EXTRA VOTES

This is Time Enough to Take  
Advantage of Bonus  
Offer.

Two Hours Hard Work May  
be Sufficient.

## NEW CANDIDATES ARE WANTED.

Candidates have one more full day  
to work in taking advantage of the  
first and largest bonus vote offer in  
The Sun and Associate Newspapers'  
Great Voting Contest. The offer ex-  
pires at 9 o'clock tomorrow night  
and money intended to be counted  
for the extra votes must be turned in  
to the office of one of the newspapers  
associated in the contest by that time.

Almost every candidate thoroughly  
understands the bonus offer by this  
time. It is a chance to win 50,000  
extra votes. For every \$25 represent-  
ing money for NEW SUBSCRIPTIONS  
turned in by 9 o'clock tomorrow night  
FIFTY THOUSAND EXTRA VOTES,  
above the regular scale, will be is-  
sued. This is for NEW BUSINESS  
ONLY, and it is absolutely the largest  
bonus offer that will be made during  
the contest.

If you are not already striving for  
these extra votes—votes that will be  
found of tremendous value before  
the contest is over—get busy during  
the one day that remains. Two  
hours' hard work may win you the  
bonus; a day's hustling is sure to  
count; and may result in enough mon-  
ey for a hundred thousand extra  
votes, and possibly more. Candidates  
do not realize the work that can be  
done in one day until they make the  
trial. The bonus vote offer is of too  
much importance to be neglected; it  
should be taken advantage of by all  
means if possible.

Remember that every \$25 for  
NEW BUSINESS entitles a candidate to  
FIFTY THOUSAND EXTRA VOTES  
over and above the regular scale. It  
is the big opportunity of the contest.

## New Interest Aroused.

The publication of the standing of  
the candidates has had an effect. It  
proved of great interest to the people  
throughout the contest territory and  
put new enthusiasm into the candi-  
dates. It was the first "show-down,"  
and gave contestants an opportunity  
to "size up" possible opponents. Few  
scores were large, but the number of  
contestants was large; and it is this  
last fact that proves that interest is  
widespread and the success of the  
contest is already assured.

Every person who is considering  
entering and contesting for the TEN  
THOUSAND DOLLARS worth of pri-  
zes should act immediately. It  
will not be too late to start next week  
or perhaps later than that, but an  
early start is what counts. The field  
is new now and getting subscribers  
will be easier than later. Get started  
TODAY.

And there should be no hesitation  
in entering when the prize list is  
considered. One is seldom given the  
opportunity to get, without a cent of  
investment, a big touring car or a big  
purse of gold, or a piano, or any one  
of the 57 prizes to be awarded.

The Sun has spent a tremendous  
amount of money for prizes, more  
than has ever been similarly spent

## SOULE'S LIVER CAPSULES

Originated by Dr. N. Soule in  
1876, and used in Paducah  
with marked satisfaction ever  
since—over thirty years. Num-  
bers of well-known people,  
right here at home, attest their  
excellence.

They are fine in all troubles  
due to inactive or sluggish  
liver, such as biliousness, con-  
stipation, headache, dizziness,  
bad taste, coated tongue, loss  
of appetite, pain in side, back-  
ache, pimples on face, sallow  
skin, etc.

## Price 25c a Box

They are not intended to  
purge, but act mildly, as an  
alterative on the liver and kid-  
neys. The dose is one capsule  
at bedtime for one or two  
nights, followed next day by  
small dose of salts or simple  
laxative. For children of 5 to  
10 years, open capsule, cut  
medicine in halves and give  
one portion.

## DON'T GROW OLD. Keep Your Hair Bright and Lux- uriant and Stay Young.

Yes, Parisian Sage, the most in-  
vigorating hair restorer, grows hair;  
the women of America, who have  
luxuriant hair, know it does, and  
that is why thousands of attractive  
women throughout the land are regu-  
larly using it.

For years this almost marvelous  
grower of lustrous and beautiful  
hair was confined to the elite of  
Europe and New York City, but  
about two years ago it was given to  
a select list of druggists, and today  
can be obtained in any city or town  
in America where society women of  
refinement dwell.

Parisian Sage is the most deli-  
cious hair tonic in the world. It  
makes the hair soft, lustrous and  
luxuriant in a few days. It is per-  
fumed most daintily and is not  
sticky or greasy. It stops falling  
hair, cures dandruff and itching  
scalp in two weeks or money back.

This is what Mrs. Elizabeth E.  
Anderson, Mechanicsburg, Pa.,  
writes:

"I had given up hope of ever be-  
ing cured of dandruff, when I pur-  
chased a bottle of Parisian Sage. It  
has entirely removed the dandruff,  
and has started a growth of new  
hair, and all this after having been  
troubled for 15 years. I cheerfully  
recommend Parisian Sage."

Gilbert's drug store is the regu-  
larly appointed agent in Paducah  
for Parisian Sage, and they will sell  
you a bottle under a rigid guarantee  
for 50 cents.

A large bottle of better tonic  
than what you get when you lay  
down a half dollar for a bottle of  
Parisian Sage. The girl with the  
Auburn hair is on every package and  
bottle.

before by a newspaper in a city of  
Paducah's size, but it does not con-  
sider the prize list any too rich for  
the people in its territory. It wanted  
to give good prizes; that is why it  
purchased the big Ford touring car  
and the handsome, and powerful  
roadster for the two leading con-  
testants. If you are a contestant you  
should make up your mind to be one  
of these two.

Energetic people everywhere are  
urged to consider the rewards for  
energy and perseverance, and get in  
the race at once.

It is not too late to enter today.  
Get a book this afternoon and win  
the extra votes to be awarded tomor-  
row night. There is time enough to  
do it. Start NOW.

## BURLINGTON

(Continued from Page One.)

brings up again the matter of a di-  
rect through service between Bir-  
mingham and Chattanooga, via Gar-  
den and the Chattanooga Southern  
road. In April the Birmingham News  
published exclusive information as to  
the plans of the Louisville & Nash-  
ville in regard to this route, which  
would be only fourteen miles longer  
than the direct line of the Alabama  
Great Southern. The opening of this  
line over the Chattanooga Southern,  
sixty-five per cent of the stock of  
which is owned by the Louisville &  
Nashville, would give the latter road  
a slice of the very desirable passen-  
ger traffic between this city and Chat-  
tanooga, and at the same time would  
open up to the L. & N. and its sub-  
sidiary line, the N. C. & St. L., the  
rich ore and fruit section traversed  
by the Chattanooga Southern.

Some work would have to be done  
on the Chattanooga Southern, and it  
is believed that plans as to this will  
be announced within a very short  
time now. The importance of this  
small line and the territory to the  
Louisville & Nashville interests is  
not to be overlooked by those fami-  
lar with railroad development and pos-  
sibilities.

With the new connections in effect,  
the L. & N. could operate trains from  
Birmingham to Chattanooga on an  
easy schedule of four hours.

## MURDER THEORY STRENGTHENED

Extraordinary Evidence at  
Coroner's Inquest.

Wallet Was Missing and Revolver  
Found in Hotel Was Not Property  
of Dead Doctor.

## GUN AT EVANSVILLE HOME

Chicago, June 4.—Evidence sup-  
porting the theory that Dr. John T.  
Hinkley, Sr., met his death at the  
Wellington hotel here at the hands  
of a robber was adduced at the cor-  
oner's inquest. The evidence presen-  
ted did not disprove the hypothesis of  
suicide, but it materially weakened  
it. The evidence showed that the  
bullet entered the left cheek, lodging  
in the brain and inflicting a wound  
which must have caused instant death.  
The doctor's left hand was so crippled  
that he could not have fired the  
shot with it and the wound was of  
such a nature that it could not have  
been made by firing a pistol with the  
right hand.

It was also shown that the doctor's  
coat and vest were found open and  
a wallet he habitually carried in the  
inside vest pocket was missing, as  
was his watch. A small sum, \$2.41,  
was found on the dresser in the room.  
His valise, in which he carried medi-  
cines and toilet articles, and which  
had been on his knees when his  
daughter left the room to go shop-  
ping, was found in the public toilet  
room 26 yards from the room, the  
existence of which the deceased is  
said to have been in ignorance, his  
own room being provided with simi-  
lar facilities.

The door of the room was not  
locked. The revolver found in the  
hotel, it is said, was not the doctor's.  
It has since been learned that the  
only pistol he owned has since been  
found in his home in Evansville. The  
coroner's physician testified that he  
found no powder marks surrounding  
the wound in the doctor's head.

### Mayfield Gives Royal Reception to Paducah Musicians.

The members of the Matinee Musi-  
cal club who went to Mayfield last  
evening to present the cantata, "The  
Rosemaiden," for the joint benefit of  
the Mayfield Woman's club and the  
Matinee Musical club of this city, re-  
turned home this morning most en-  
thusiastic over the gracious reception  
accorded them there. They met a  
most beautiful hospitality, big, fine  
and cordial on every hand. The en-  
tire party were the guests—literally—  
of the Hotel Hall and every favor  
was shown them by Mrs. Hall.  
The opera house had been beauti-  
fully decorated as a rose garden, the  
stage was covered with green velvet  
rugs and great jardinières of Crim-  
son Rambler roses and vases of roses  
on pedestals gave a charming effect.  
The cantata was given an enthusias-  
tic reception both as to a crowded  
house and hearty applause. A com-  
mittee from the Mayfield Woman's  
club decorated the opera house and  
received the guests at the opera  
house.

After the cantata an informal re-  
ception was given the Paducah party  
at the Hall Hotel and some 200  
guests called. The Paducah party  
returned home at midnight altogether  
charmed with their delightful recep-  
tion and stay in Mayfield. Thanks  
are especially due they feel to Mrs.  
Fuller, the president of the Women's  
club, and Mrs. Hall, of the Hall Hotel  
and to the management of the  
opera house for many gracious favors.

### Naval Apprentices Steal Away.

San Francisco, Cal., June 4.—Fif-  
teen naval apprentices, who sudden-  
ly left Yerba Buena naval station  
during drill, returned in a cutter  
early today. They declared they had  
no intention to desert. They said  
they were angry at not being granted  
short leave, and decided to take  
a few hours freedom.

## IN SOCIAL CIRCLES

### Paducah Girl Guest at Clarksville Party.

Miss Anne Morrow entertained the  
Friday Evening Bridge club last even-  
ing at the Morrow home, on Frank-  
lin street, in honor of her attractive  
guest, Mrs. Harry Lee Koenig, of  
Birmingham. The reception rooms  
were artistically decorated in cut  
flowers, the drawing room in white  
lilies, the reception hall in crimson  
ramblers, the library in red lilies.  
There were nine tables of bridge and  
after the game a three-course menu  
was served at the card tables. The  
hostess and honoree wore white lin-  
gerie dresses. Those present were:  
The honoree, Mrs. Koenig, Miss Maria  
Harrison and Edwin Carney, Miss  
Louise Harrison and Couts Askew,  
Miss Dudley Marable and Guthrie  
Bryant, Miss Emma Foust and Matt  
Gracey, Miss Sarah Leach and Tom  
Foust, Miss Mary Roach and Norflet  
Carney, Miss Cobb, of Paducah, and  
James Oldham, Miss Mary Drane and  
Adolf Hach, Miss Lena Morrow and  
Lauren Askew, Jr., Miss Bessie Pick-  
ering and Frank Runyon, Miss Nancy  
Pickering and Richard Duenzelmann,  
Mrs. Berryman and Mr. Halle, of  
Bremen, Germany; Miss Beale Beach  
and James Smith, Mrs. Ernest Elder,  
Mrs. G. H. Warneken, Mr. and Mrs.  
Howard Daniel, Dr. and Mrs. James  
Whitworth, Mr. and Mrs. John Clem-  
ents, Mr. and Mrs. E. C. Morrow and  
Miss Mabel Morrow—Clarksville Leaf  
Chronicle.

### Dance at Elks' Home.

The Elks will entertain with a  
dance tonight at their Home on  
North Fifth street. It will be the  
first of the summer season and the  
Elks' high standard as clever hosts  
will be maintained. The winter  
dances were enjoyable social oc-  
casions.

### Pleasant Time at Park.

Misses Alice Hovious and Irene  
Tighe entertained a few of their  
friends at the park last evening with  
a supper. After the supper all the  
park pleasures were enjoyed and a  
delightful time was had.

### Pretty Ceremony on "Davis Day."

Paducah chapter, United Daughters  
of the Confederacy, celebrated "Davis  
Day" by an informal reception to vis-  
iting and local Confederate veterans,  
Thursday afternoon at the Woman's  
club house. The cross of honor was  
conferred upon a number of the vet-  
erans from Marshall county and the  
local camp by the Paducah chapter.  
A substantial luncheon of coffee and  
sandwiches was served by the chap-  
ter to the guests.

Those receiving the little Maltese  
cross, which is so proudly worn by  
every veteran in his coat lapel, from  
Marshall county were: J. P. Brian,  
Co. A., Third Kentucky regiment; J.  
F. Eley, Co. G., Third Kentucky reg-  
iment; N. W. Casteberg, Third Ken-  
tucky regiment; H. M. Wade, Third  
Kentucky regiment; G. N. Causey,  
Third Kentucky regiment. Others  
were: J. H. Carter, W. H. Carter, E.  
C. Clark, John Fitzgerald, E. Futrell,  
C. B. Green, W. H. Hiepp, J. W.  
Jenkins, R. J. Jones, R. A. Luper, J.  
L. Matheny, W. J. Nolan, J. E. Pe-  
gan, J. E. Potts, R. C. Robinson,  
William Stanley, H. C. Thompson, W.  
A. Watson and James Wyatt, Sam W.  
Simmons, of the city, also received a  
cross in lieu of one that had been  
lost.

### Informal Evening for Sunday School Class.

Mrs. Mildred Davis, 620 Kentucky  
avenue, entertained the young men  
of her Sunday school class and a num-  
ber of their friends very delightfully  
last evening at her home. Two guess-  
ing contests pleasantly featured the  
evening. The final honors were car-  
ried off by Miss Mattie Lou McGla-  
thery in a "spelling contest" partici-  
pated in by five who had guessed all  
the answers successfully. She was  
given a pretty book. Delightful ice  
cream, strawberries and cake were  
served during the evening.

### Former Paducah Girl Marries in Cal- ifornia.

A telegram was received this morn-  
ing by Mrs. King Brooks from San  
Diego, Cal., announcing the marriage  
of her sister, Mrs. Daisie G. Vaughan,  
to Mr. George A. Jenks, a prominent  
real estate man of that city. The  
wedding took place June 2 at 8:30  
p. m. at the home of the bride's  
mother, Mrs. Nora C. Goodwin. Im-  
mediately after the ceremony the

couple left for a trip up the coast  
to the Seattle and Alaskan ex-  
position, sailing on the new steamer,  
"The President."

Mrs. Jenks was formerly Miss  
Daisie Goodwin, a Paducah girl. She  
is an attractive young woman with  
many friends here. Mr. Jenks is a  
southerner, coming from one of Ten-  
nessee's best families.  
They will reside in San Diego upon  
their return in a beautiful little tun-  
galow on Golden Hill, this being a  
gift of the bridegroom.

### Picnic at Park.

A number of young people enjoyed  
a pleasant picnic supper at Wallace  
park on Wednesday evening. They  
were chaperoned by Miss Emma  
Acker. The supper was a delightful  
affair. Boating on the lake was after-  
ward enjoyed. Among those present  
were: Misses Saltzgeber, Herdy,  
Myrtle Cummings, Mary Thornhill and  
Myrtle Merritt; Messrs. White, Croc-  
ett, Burnham, King, Warren and  
Speck.

### D. A. R. Business Meeting With Mrs. Leslie Soule.

The Paducah chapter, Daughters  
of the American Revolution, met  
this afternoon at 2:30 o'clock  
with Mrs. Leslie Soule, at her resi-  
dence, 513 North Fifth street. It  
will be a business meeting of the  
chapter and the program features are  
eliminated.

Mrs. Henry Kamleiter and Mrs.  
Lester Yates have gone to Golconda  
on a visit to friends.

Springs this morning to spend two  
weeks.

Mr. A. C. Carter went to Princeton  
this morning on business.

Mr. John D. Sumner went to Louis-  
ville this morning on business.

Mrs. O. B. Powell, 504 Broadway,  
left yesterday for Chicago to spend  
several weeks visiting her parents.

Mr. R. L. Barnett went to Prince-  
ton this morning to see what arrange-  
ments could be made to hold a big  
meeting of the Farmers' Union July  
27. Paducah is also a candidate for  
the meeting.

Miss Gertrude Champlin, of Jack-  
sonville, Fla., who was maid of honor  
to Miss Ethel Brooks at her wedding  
to Mr. David Koger, on Tuesday, left  
for her home this afternoon. Miss  
Champlin is popular in Paducah  
where she has visited before.

Miss Alleen Caldwell, of Memphis,  
will return home this evening after a  
visit to Mrs. John G. Brooks, 317  
North Seventh street. Miss Caldwell  
was an attendant at Brooks-Koger  
wedding and an attractive visitor  
here.

Mr. and Mrs. Michael Conroy and  
little daughter, of Little Rock, Ark.,  
are visiting the family of Mr. W. A.  
Dallam, of Broad street.

cago this morning after a trip on  
business.

The Rev. G. T. Sullivan returned  
husband is dying from consumption,  
where he was one of the speakers at  
an Educational Rally of the Memphi-  
sian conference. Dr. Sullivan ar-  
rived home ill and is confined to his  
bed, but is some better this after-  
noon.

Miss Lucille Watts, of South Third  
street, will leave Sunday for Detroit,  
Buffalo and New York on a two  
weeks' trip.

### Aeronauts Prepare to Float.

Indianapolis, June 4.—Fearing  
they may be compelled to land in one  
of the great lakes, aeronauts in the  
balloon races to be held here tomor-  
row, will encircle the baskets with  
tubes made of inner tube rubber,  
which will inflate. In case they land  
in water they will cut the baskets  
loose and the tube will keep the  
basket afloat.

## NEWS OF COURTS

### In Circuit Court.

Tomorrow will be the last day for  
the use of the juries, and after to-  
morrow's docket is disposed of the  
jurors will be discharged. The equity  
docket will be taken up next. This  
season of court has moved smoothly  
and there were only a few cases con-  
tinued.

A verdict for \$221.52 was returned  
in the case of W. A. Ward against  
the Citizens' Life Insurance company.

On peremptory instructions a ver-  
dict for the defendant was returned  
in the case of Ed Bumpons against  
the Illinois Central railroad.

The docket for tomorrow is: P.  
D. Fitzpatrick against Mrs. Edmund  
P. Noble, executrix; Edgar Eggert  
Holt against Louis Bell Holt.

The case of J. W. Puckett against  
R. E. Keeler was dismissed without  
prejudice.

### Suits Filed in County Court.

W. M. Husbands, state revenue  
agent, filed suit against F. Seitz for  
the failure to list \$1,700 since 1905.  
Seitz has a note from the county for  
\$1,700, and last Tuesday it was re-  
newed by the fiscal court. The 20  
per cent penalty is sued for.

### Police Court.

Only two plain drunks were on the  
docket this morning for Judge Cross.  
George Hans and Jim Porleons, fined  
\$1 and costs each.

### PUBLIC HEALTH CANNOT WAIT ON "RED TAPE."

Madison, Wis. June 4.—The su-  
preme court decided that a city coun-  
cil may vest the health commissioner  
of a city with power to revoke the  
licenses of milk dealers. It says:  
"Public health cannot wait upon the  
slow processes of a legislative body,"  
and adds, "there is nothing of greater  
importance relating to the food sup-  
ply of a great city than that the milk  
supply should be pure and whole-  
some."

### The Millionaire Tramp.

New York, June 4.—Unshaven  
and tattered, James Eads Howe, of  
St. Louis, millionaire tramp, who is  
conducting a free employment bu-  
reau for men in distress, was dis-  
charged in court today, charged with  
disorderly conduct. He was making  
a speech, discouraging men from  
applying for job as strike breakers  
in Philadelphia, and was arrested  
for not "moving on."

### Cotton Report.

Washington, June 4.—The cotton  
crop report of the department of ag-  
riculture, made public today, makes  
the area of cotton planted or expect-  
ed to be planted in 1938 is about 95.6  
percent of the area last year. It decreased  
1,542,000 acres. The condition of  
the growing crop May 25 was 81.1  
percent of normal condition com-  
pared with 79.7 last year.

### Senate Stirred Again.

Washington, June 4.—Lafollette's  
resolution, asking the state depart-  
ment to submit all correspondence in-  
volved in securing a statement from  
Germany, caused another flurry in  
the senate today. Senator Smith, of  
Michigan, assailed the contribution of  
the Augsburg chamber of commerce  
to that statement. He denounced the  
reference to the standard of living in  
this country as voluntary imperi-  
ence.

Chicago, June 4.—"A bi-partisan  
debate" is the title of a sensational  
article in today's issue of the Na-  
tional Prohibitionist, charging the  
Illinois legislature with closing the  
session Sunday morning with a drunk  
en carouse. Charges are made that  
"booze" was brought into the com-  
mittee rooms and dispensed to all  
comers.

### STILL MISSING

#### MAN WHO WAS KIDNAPED BY MYSTERIOUS PERSON.

#### Citizens of Inez Have Many Theories—Wife Still Suffering From Dementia.

Inez, Ky., June 4.—The fate of Jasper Crum, who a few nights ago was compelled by a strange woman, or, as some people believe, a man disguised in female garb, to leave his home is still a mystery.

The mysterious person forced Crum to accompany her into the mountain fastnesses between Big Elk and Warfield. No trace of Crum or the mysterious person has as yet been discovered, although many farmers have abandoned their crops and joined in search of them.

Many surmise that they went to Kermitt, W. V., and there caught the Norfolk and Western night express. Acting on this theory, Crum's brother, with five companions, have gone to the Upper Big Sandy coal fields to search for the missing man.

A rigid investigation was made today to find out whether Crum had been corresponding with an unknown woman, as it was alleged by the kidnaper that Crum had been writing to her. It is now thought

by Crum's friends that a male enemy of his planned the method employed to decoy Mr. Crum to the mountains to murder him. No reply from any of the telegrams sent out from here has been received.

Mrs. Crum is still suffering from dementia. It is probable that she may have to be confined in the asylum if her husband is never found. Mrs. Crum was Miss Lucetta Dingus, a cousin to State Senator Dingus, of Prestonsburg, and Police Judge M. C. Dingus, of this place.

#### Looking One's Best.

It's a woman's delight to look her best but pimples, skin eruptions, sores and boils rob life of joy. Listen! Bucklen's Arnica Salve cures them! Makes the skin soft and velvety. Out east of town is a turkey gobbler "sitting" contentedly on a big bunch of eggs with good prospects. The owner was unable to get a turkey hen to do the mothering, so he secured the gobbler. To make the gobbler content the owner is serving him with a ration of whisky soaked corn, keeping the gobbler so jagged that he is unable to walk off and leave the "sitting."—Denton Correspondence Dallas News.

## PRESBYTERIANS TO HOLD CONFERENCE

Every Five Years They Come Together Thus.

This Month Will See Great Calvinistic Gathering From All Parts of World.

### SOME PROMINENT SPEAKERS.

Once every five years the official representatives of the Presbyterian and Reformed church of the world meet in convention. The ninth council of "The Alliance of the Reformed Churches Throughout the World Holding the Presbyterian System" will be called to order in the Marble Collegiate church, New York, Tuesday morning, June 15. Although the number of accredited delegates is limited to 330, the personnel of the gathering will embrace some of the most distinguished theologians and ecclesiastics in the world. The constituency represented is enormous—5 continents, 90 separate denominations and 25,000,000 members. Already some of the notable foreign delegates have reached this country, and are traveling for purposes of sight-seeing and speech-making.

In some particulars this is the most important of the nine gatherings of the Pan-Presbyterian Alliance, as it is called for short. This is owing to the important movements for union that have lately taken place or are pending in the Presbyterian world; to the extraordinary theological unrest of the day; to the changing fields and methods of the churches; to the widened horizon of Christianity as represented by the modern missionary propaganda, and to the fact that this year marks the four hundredth anniversary of the birth of John Calvin, the founder of the Presbyterian and Reformed demonstrations. The eleven days that the council will be in session will be crowded full of addresses and discussions.

#### New York a Presbyterian Mecca.

The eye of interested Presbyterians the world around will be upon New York during this gathering, which is of far greater significance than the meetings of the various Presbyterian General Assemblies which are just now being reported in the news dispatches. The ablest minds in ninety denominations will consider the foremost religious themes of the times, both practical and theological. For the time New York will be the world's Presbyterian capital, as Geneva was in Calvin's day. The internationalism of the gathering is indicated by the names of the cities where the previous councils have met—London, 1875; Edinburgh, 1877; Philadelphia, 1880; Belfast, 1884; London, 1888; Toronto, 1892; Glasgow, 1896; Washington, 1899; Liverpool, 1904.

This meeting has no legislative functions, but whatever it recommends is likely to be enacted into church law by the courts of the separate denominations. As a shaper of religious thought, though, its influence is very great. Aside from the effect produced directly by the addresses and discussions, there will be the indirect results from the publication of the proceedings in a volume, and the reputation of the utterances of the council in the reviews and religious weeklies. The theological seminaries, and the alert preachers, watch carefully for the expressions of the religious leaders upon such significant occasions as this. Since many of the topics are frankly concerned with the burning theological and practical problems of the day, the output of the council speakers should reach far. New York is the center of an influential Presbyterian constituency, with at least three important theological seminaries nearby.

#### Eminent Foreign Delegates.

Names that are familiar on both sides of the water are included in the list of between fifty and sixty foreign delegates who have been sent to represent their denominations at the council. The president of the council is Rev. Dr. J. Oswald Dykes, principal of the Theological College, Cambridge, England. Rev. Dr. James Stalker of Edinburgh, the famous author, has already landed; Prof. George Adam Smith, the commentator, authority on the Holy Land and biographer of Henry Drummond, is expected. The Lord Mayor of Glasgow, Sir Samuel Chisholm, is to deliver an address, as is also the famous surgeon, Sir Alexander Simpson of Edinburgh. An effort was made to have Sir Andrew Fraser, Lieutenant-Governor of Bengal, and Moderator of the Presbyterian church of India, who was recently in this country, to remain, but he was obliged to return to England.

One of the foremost champions of the conservative theological position, Rev. James Orr of Scotland, is also on the programme. Rev. Dr. Laws, Moderator of the United Free church of Scotland; Rev. Dr. Macalister of Cambridge; Rev. Charles Merle D'Aubigne of Paris and Rev. Chevalier of Italy are other speakers announced. The full list of foreign participants in the program cannot be announced until the secretary,

## OWES HER LIFE TO

### Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and I am now cured from all suffering."

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Rev. George D. Mathews, arrives from Scotland next week.

#### Americans to the Fore.

It is natural for the country in which these great Pan-Presbyterian councils meet to furnish the bulk of the speakers as well as of delegates. The actual voting members are determined on a pro rata basis, but the attendance is by no means limited to these. The afternoon and evening sessions will partake of the nature of mass-meetings, and it is expected that many visitors will be attracted from widely-separated parts of the country.

Americans and Canadians whose names appear on the program represent all parts of the continent and all shades of theological opinion. Among them are: Rev. James D. Moffatt, D. D., president of Washington and Jefferson College; Rev. David J. Bartlett, D. O., pastor of Marble Collegiate church, New York, and chairman of the committee of arrangements; Rev. Samuel L. Smith, D. D., of the Columbia, S. C. Theological seminary; Rev. James I. Good, D. D., of the German Reformed Theological Seminary, Philadelphia; Rev. William S. McKibben, D. D., of Lane Theological Seminary, Cincinnati; Rev. Rufus W. Miller, D. D., of the German Reformed Sunday school board and founder of the Brotherhood of Andrew and Philip; Rev. Ralph Earl Prime, of Yonkers; Prof. B. B. Warfield, of Princeton; Rev. Dr. James I. Vance of Newark;

## ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scratched Constantly and Kept Growing Worse.

### CUTICURA'S EFFECT QUICK AND PERMANENT

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. R. H. Whitaker, Winchester, Tenn., Sept. 22, 1908."

## WOMEN

### Everywhere Use Cuticura Soap and Cuticura Ointment

For preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, for itching, thin and falling hair, for softening, whitening and soothing red, rough and sore hands, for removing eruptions and annoying irritations and ulcerative weaknesses, and for many sensitive, anti-scorpion purposes as well as for all the uses of the toilet, bath and nursery. Guaranteed absolutely pure and may be used from the hour of birth.

Rev. Dr. Theron H. Rice of Union Theological Seminary, Richmond, Va.; Rev. Dr. Joseph Wilson Cochran, secretary of the Presbyterian board of education, Philadelphia; Rev. Dr. M. G. Kyle, the archaeologist, of Philadelphia; Rev. Dr. Samuel M. Zwemer of Arabia, the leading authority on Mohammedanism; Rev. Dr. Wallace Radcliffe of Washington, Rev. William R. Richards of New York, Rev. Dr. William H. Roberts, stated clerk of the Northern Presbyterian general assembly; Rev. D. F. Magill, stated clerk of the United Presbyterian general assembly; Rev. Frederick B. DuVal, D. D., ex-Moderator of the Presbyterian church in Canada; Rev. Dr. Conrad Clever, Rev. Charles L. Thompson of New York, Rev. Dr. John Somerville of Montreal, Rev. J. Preston Searle, D. D., of the Dutch Reformed Theological Seminary, New Brunswick, N. J.; Rev. Dr. D. Stuart Dodge, Rev. J. Ross Stevenson, D. D., of New York, and Rev. Ira Landrith of Nashville.

#### Knotty Program Topics.

Calvin celebration have been the vogue lately in every direction, both in this country and abroad, but it is reserved for this Pan-Presbyterian council to do honor to the memory of the great Geneva in adequate and comprehensive fashion. If there is any aspect of heaven or earth that Calvinism may be said to touch, this program includes it; for two days are to be given over to addresses upon the man to whom the Presbyterian and Reformed churches chiefly owe their genius. It was even announced on the earliest copies of the program that there would be an address upon "Calvinism and the Salvation of Infants," but that topic was later altered to one more general. Apparently, though, the most delicate and difficult questions in connection with the reformer's history are not to be blinked for a New York lawyer is to speak upon "Calvin and the Case of Servetus."

The questions about which are raging the hottest theological controversies of the day are to be debated at the council. Thus, addresses are announced upon "Our Lord's Pre-Existence," "Our Lord's Virgin Birth," "Our Lord's Resurrection," "The Newer Phases of Theological Training," "The Recent Testimony of Archaeology to the Scriptures" and "The Development of the Higher Criticism Since the Last Council."

With equal candor the delicate social questions of the hour are met, and the council will give consideration to marriage and divorce, temperance, Sunday observance, immigration, church union and the relation of the church to the public school.

In sharp contrast with the great mass-conventions which are so popular with the church people of America, this one makes no bid for the attendance of the crowds, but probably what it says next month, the church crowds will be saying a year hence. For this is a conference of the moulders of religious thought.

#### Rich Men's Gifts Are Poor

beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman, writes Mrs. O. Rhinevault, of Vesta Center, N. Y. ## HEIR TO ESTATE

DUNCAN B. COOPER LEFT PROPERTY BY BROTHES.

Man Convicted As Accomplice In Carmack Murder Gets Neat Income.

New York, June 4.—Duncan B. Cooper, who with his son, Robin J., was convicted of the murder of former Senator E. W. Carmack, in Nashville, Tenn., is one of the heirs of the residuary estate of his brother, Judge William H. Cooper. The contents of the will appeared today when Edmund Cooper, the executor, applied at the Surrogate's office in this county for ancillary letters testamentary.

Judge Cooper, who had for a good many years lived in this city, died on May 7. His estate is valued at more than \$300,000 consisting largely in United States bonds. To old negroes who were once slaves on the Cooper plantation, G. T. Coit, Elbridge Cooper and his wife and Booker Cooper, he leaves annuities of \$200 each.

The will leaves \$25,000 to the children of Mary Sanson, a sister. The residue goes to five sisters and three brothers and the children of a deceased sister, share alike. Duncan's share is to be in trust for the benefit of himself and his family for life and to go to his wife and children upon his death. Provision is made against the money being attached in any way for debts of his brother. The will was dated July 4, 1890.

Among other papers filed with the Surrogate was an affidavit made in jail by Robin Cooper, son of Duncan. This affidavit is merely a legal form.

## SIGNAL SERVICE IN AERONAUTICS

Awaiting Action of Govern-  
ment to Help Out.

Expect Great Impetus in Interest  
When Big Events Scheduled  
Take Place.

IMPROVING RIFLE PRACTICE.

Washington, June 4.—The signal  
corps of the army, profiting by the  
experience of Captain Charles de F.  
Chandler and First Lieutenant James  
F. Ware, who narrowly escaped los-  
ing their lives by the explosion of  
army balloon No. 12 near Fort  
Omaha recently, is trying to devise  
some means of preventing similar ac-  
cidents by the discharge of static  
electricity as the aerial vessels come  
in contact with the earth.

Captain Chandler, in his report to  
the department, suggests that before  
making a landing, especially with  
balloons having silk envelopes, they  
be maintained at a low altitude as  
long as possible before touching the  
earth so that any electricity they  
may have accumulated may be dis-  
sipated. He recommends also that a  
loop of light wire be caught around  
the gas bag and connected with a  
small flexible wire woven into the  
guide rope, allowing the spark to pass  
to earth at a safe distance below the  
inflammable gas.

Captain Chandler in his report  
says:

"After passing over Homer, Neb.,  
the course soon carried the balloon  
clear of the rough ground and over  
the flat lowland plains of the Mis-  
souri river valley. The valve was  
opened at a height of 3112 feet and  
we descended to make a landing. Rapid  
descent was necessary because a lake  
and the Missouri river lay directly  
ahead of us.

"While descending, the rip cord  
was taken out of its sack and hung  
down beside the pilot ready for use,  
but just as the guide rope neared  
the ground, the end fouled around a  
telegraph or telephone line and stop-  
ped the balloon with a jerk which  
threw me off my feet and also threw  
the rip cord out beyond reach from  
the car. The guide rope soon re-  
leased itself and the anchor was  
dropped; it bounded along the ground  
across a small field and caught in a  
wire fence. The valve was opened  
before catching the fence and was  
held open. The force of the wind  
was sufficient to break the appendix  
parachute, but the anchor held and  
very soon it was noticed that almost  
half the gas was out.

"While in this situation, the car  
settled down gently to the ground  
twice, rising a few feet again each  
time, but the gas bag did not get near  
the ground until after the car picked  
up the second time, then a gust of  
wind swung the half empty envelope  
down toward the ground and the gas  
exploded and burned. The report was  
heard several miles. The force of  
the explosion broke the loading ring  
into three parts, tore the balloon into  
pieces and broke the valve and many  
of the ropes near the loading ring.  
The explosion ignited the envelope  
and it was completely consumed, to-  
gether with most of the net.

"At the time of the explosion of  
the gas, Lieutenant Ware and I were  
down low in the car holding the valve  
open and thereby protected some-  
what from the flame, but the force  
was sufficient to knock us and the  
car over, resulting in several bruises  
on each of us, the most serious being  
small cuts on the forehead and  
around the eye of Lieutenant Ware.  
(Lieutenant Ware was facing the  
bag). The back of my head struck  
something and stunned me, but I  
regained consciousness in a few mo-  
ments without assistance.

"The ignition of the gas was prob-  
ably caused by a static discharge be-  
tween the balloon and the earth as  
soon as the envelope came near the  
ground. Several cases of ignition  
from this cause have been reported  
in Europe. The envelope of balloon  
No. 12 was made of silk and rubber  
fabric, and at 3,000 feet altitude  
might have acquired a static charge  
of electricity of different potential  
than the earth, retaining it during  
the rapid descent, or perhaps the  
charge was acquired on account of  
the friction of the air against the silk  
during the rapid descent. There  
were no other people within 75 yards  
of the balloon at the time of the ex-  
plosion, and it is not apparent how  
the gas could have ignited from any  
other cause than an electric spark.  
There were no flint rocks, stones,  
metal or timber, where the bag ex-  
ploded, therefore it was impossible to  
have received a spark from friction  
of two bodies striking together."

Marksmanship.

Energetic measures taken by the  
military authorities to improve the  
marksmanship of the soldiers of the  
United States army have produced  
gratifying results during the target  
season of 1908, according to the sta-  
tistical reports which have just been  
issued by the war department. Upon  
the basis of the scores made, the  
number of enlisted men and officers  
who have qualified as expert riflemen  
has been increased by 343, the num-  
ber of sharpshooters by 2,131 and  
the number of marksmen by 310. At  
the same time the scores made by the  
company and regimental teams were

## Best Stomach Remedy Free

It is an old saying that if the stom-  
ach is sound the whole body is safe,  
because so much depends upon the  
proper working of the stomach. Many  
persons find themselves with a dis-  
order of the stomach which pro-  
duces dyspepsia or a peculiar state of  
biliousness.

If you suffer from both stomach trouble  
and constipation you are on the way to a  
very serious disease. From just such con-  
ditions come appendicitis, rheumatism,  
skin diseases and similar disorders, be-  
cause the waste matter that should have  
been expelled from the system through  
the bowels has found its way into the  
blood and vitiated it. What is needed at  
this point is not simply a violent cathartic  
tablet or salt, which usually does more  
harm than good, but a gentle laxative  
tonic like Dr. Caldwell's Syrup Pepsin,  
which people have been using for these  
ailments for nearly a quarter of a cen-  
tury. It cured J. C. Lenham of War-  
rensburg, Mo., of stomach trouble of long  
standing, also William Volk of 903 Ellis-  
son, and Louisville, Ky., who had lost  
weight for fifteen years.

However, if you have stomach trouble  
you want to know from personal experi-  
ence what Dr. Caldwell's Syrup Pepsin  
will do for you. If so, send your name  
to the doctor and a free trial bottle will  
be sent you. You are urged to send for  
the free bottle, as the results from it will  
be the best recommendation of Dr. Cal-  
dwell's Syrup Pepsin. Then you will do as  
over two million people did last year—go  
to your druggist and buy a regular bottle  
at 50 cents or \$1, according to the size  
you prefer. We could mention hundreds  
and hundreds of families who are never  
without it. You can never tell when some  
member of the family will need a laxa-  
tive, no time should be lost in not  
taking Dr. Caldwell's Syrup Pepsin.

If there is anything about you that  
you don't understand, or if you want  
any medical advice, write to the doctor, and he will  
answer you fully. There is  
no charge for this service.  
The address, Dr. W. B. Caldwell, 101

with the Seventeenth infantry second  
and the Seventh infantry third. Com-  
pany F, of the Fifteenth infantry,  
made the highest score of companies;  
Company F, of the Seventh, was second,  
and Company E, of the Thirteenth,  
third.

The department of California was  
first in its classification, the Colo-  
rado second and the gulf third.

The best record attained was that  
made by the academic staff of the  
Military academy at West Point, the  
cadets of the first class making the  
high score. Their record was higher  
than that of the winning company of  
the entire army.

## FRESH LIMES TODAY

Big shipment of this delicious  
citrus fruit came in today.  
Most people like "limeade"  
better than lemonade. It has a  
piquant, elusive flavour which  
is thoroughly delicious. Prob-  
ably you can't get the fruit  
elsewhere; we're always first,  
you know.

This is the cream of the season  
for all sorts of fruits, too;  
we are showing some tempting  
big black cherries, sugar-

## OPTION "KILLER" LIES IN ITS GRAVE

Loses Out in Hottest Fight in  
Illinois General Assembly.

Senate Decides to Leave All House  
Bills Not in Conference on  
Table—Conference.

ANTI-CIGARETTE BILL IS OUT.

Springfield, Ill., June 4.—Efforts of  
the liquor interests to resurrect from  
the dead the so-called local option  
"killer," failed absolutely in the sen-  
ate and the measure's sarcophagus  
was sealed when the senate adopted  
the motion of Senator Dunlap, of  
Champaign county, that all house bills  
not in conference lie upon the table.

Thus ended one of the most remark-  
able fights of the forty-sixth Illinois  
general assembly, with the friends of  
the township local option law elated.

Consoling Themselves.

The liquor interests are consoling  
themselves that they put the anti-lo-  
cal option bill through the house and  
had nearly enough votes in the senate  
They claimed they had twenty-eight  
votes, and more than a constitutional  
majority in the senate, but the anti-  
saloon forces have disputed this claim  
stating that at the best the liquor  
folks could muster but twenty-three  
votes.

This is the bill proposing to sepa-  
rate the city and village from the  
township in the vote on the saloon  
question. It would have been a severe  
blow to the local option forces who  
have won the most of their victory  
because of the fact that the country  
vote in the township outside of the  
city or village has made many munic-  
ipalities dry.

Surrendered Gracefully.

The fact that Senator Jandus, rep-  
resenting the United Societies and  
other liquor interests, did not make a  
fight upon Senator Dunlap's motion  
is interpreted to mean that the liquor  
interests realized that they did not  
have the votes, so they surrendered  
as gracefully as they knew how. Up  
until the time the senate convened at  
5 o'clock the friends of the liquor in-  
terests were still talking fight.

Later Senator McKenzie moved a  
reconsideration of the vote by which  
all the house bills were tabled, but by  
an almost unanimous vote the senate  
declined to reconsider. McKenzie's  
motion was for the purpose of assist-  
ing Senator Martineau to get before  
the senate the Chicago Commercial  
club's school bill.

Anti-Cigarette Bill Dies.

This action of the senate also killed  
the anti-cigarette bill, which is buried  
in the manufacturer's committee room.  
Senator Curtis had given notice last  
Saturday night that he would move  
to reconsider the vote by which the  
report of the referees to the state  
board of control bill had been con-  
curred in by the senate, but he rose and  
said he would not urge his motion  
for reconsideration, as the members  
of the state board of charities had  
written letters stating that they pre-  
ferred this bill to no legislation on  
the subject.

The house bill, which was concurred  
in, places the finances of the  
state institutions in the hands of the  
state treasurer instead of the local  
treasurers, and prohibits the purchas-  
ing of supplies of local dealers.

After some squabbling the senate  
agreed to go into conference with the  
house again over the deep waterway  
bill, and Lieutenant Governor Ogles-  
by appointed Senators Curtis, Schmit,  
Potter, Ball and Hearn as the con-  
ferrees.

Inheritance Tax Passed.

The house unexpectedly reconsid-  
ered the vote by which it had tabled  
Senator Gardner's inheritance tax  
bill last Saturday and passed the bill  
by a vote of 110 ayes to 2 nays. It  
is estimated that the law will place  
one million dollars additional revenue  
in the state treasury within six  
months after July 1, 1909, if the  
governor signs the bill. The present  
inheritance tax only taxes gifts, lega-  
cies and inheritances, while the new  
bill taxes transfers, appointments and  
interests in certain cases, and pro-  
vides for the compromise of tax on  
what is known as contingent remain-  
ders.

The Omnibus Bill.

The senate by a vote of 16 to 25  
rejected that portion of the omnibus  
appropriation bill, which provided for  
the turning over to the state of Illi-  
nois by the city of Chicago on July 1,  
1910, of the Cook county asylum for  
the insane at Dunning, and appro-  
priating \$150,000 for the mainte-  
nance of the same from July 1, 1910,  
to July 1, 1911.

The senate adopted the conference  
committee report on the omnibus ap-  
propriation bill covering the salaries  
of the state employes for the two  
years.

Notice to Shippers.

1909, the freight warehouses of these

mentioned, no freight will be re-  
ceived or delivered after 1 p. m. on

July and August, 1909.

## T. P. A. ELECTION

INDIANA MAN IS ELECTED  
PRESIDENT.

Amendment to Increase Liabilities for  
Death of Member From \$5,000  
to \$10,000.

Asheville, N. C., June 4.—An evi-  
denced determination to avoid in-  
creased expenditures and a clearly  
indicated opposition to diminishing  
the causes of liabilities in the case  
of accident, were features this after-  
noon of the session of the Travelers'  
Protective association convention.

The convention adopted amend-  
ments to the constitution relative to  
the membership fees, the disposition  
of the national treasury funds and  
the transfer of certain moneys  
to the benefit fund. The amendment  
to increase the liabilities of the as-  
sociation from \$5,000 to \$10,000 in  
the case of the death of a member  
while riding in a passenger coach of a  
regular passenger train was defeated.  
An amendment for greater restric-  
tions in the causes for liability in the  
case of death was defeated.

The election of officers was held.  
P. J. O'Mear, of Indianapolis, defeat-  
ed Carey King, of Rome, Ga., for  
president on the first ballot. L. T.  
Labanne, of St. Louis, was unani-  
mously elected secretary-treasurer.

Baptists Conducting Revival and  
Presbyterians Will Hold Meetings.

The revival which is being conducted by the Rev. Terry Martin under a tent at Seventeenth street and Broadway, is meeting with good success. The four Baptist churches of the city have united in the revival. The meeting has only been in progress for three nights, but the tent has been crowded, with the prospect of better audiences every night. Services are held every evening at 7:45 o'clock.

The committees for the Baptist union tent meeting, at Seventeenth street and Broadway, are:

Music: First church, J. M. Miller; Second church, W. S. Bryant; East church, N. M. Reeder; Twelfth Street church, Charlie Housman.

To look up Baptists, who are not affiliated with the churches of the city: Second church, E. F. Adams; East church, Mrs. M. E. Scott; First church, A. L. Lassiter; Twelfth street church, Mrs. Rayburn.

Soul winners committee: East church, R. L. Dye; Second church, Miss Carrie Newman; Twelfth Street

church, J. B. White; First church, Mrs. C. C. Covington.

Finances: First church, J. R. Puryear; Second church, J. A. Cole; East church, W. R. Jones; Twelfth Street church, C. R. Richard.

## Dr. Dodd Going Away.

The Rev. M. E. Dodd, pastor of the First Baptist church, will leave early tomorrow morning for Georgetown, Ky., where he will preach the baccalaureate sermon to the graduating class of Georgetown college next Sunday. The pulpit of the First Baptist church will be filled Sunday by Dr. J. D. Moody, dean of the theological department of the Hall-Moody institute, of Martin, Tenn. The Rev. Moody was pastor of the church from 1880 until 1882, and no doubt the former pastor will be greeted by large congregations.

## First Presbyterian.

The Rev. T. C. Johnston, synodical evangelist, will preach Sunday morning and evening at the First Presbyterian church, and will conduct a meeting every night at 7:45 at the church next week.

The Rev. C. M. Thompson, of Louisville, will arrive in the city tonight. He will remain in Paducah tonight and will leave early in the morning for Jackson, Tenn., where he will deliver an address before the graduating class of the Union university.

VETERANS REFUSE TO MARCH  
BEHIND THEIR COMMANDER.

New Orleans, La., June 4.—There is a bitter factional war among the Louisiana Confederate veterans, and the result will be a greatly reduced attendance at the coming Memphis reunion. Resolutions have already been adopted by two of the largest camps here declaring that their members will not march behind Gen. T. W. Castleman, the Louisiana division commander, in the Memphis parade. The trouble has grown out of the failure to muster a quorum at the Mon-

roe division encampment last September. General Castleman thought, as there was no quorum, all the officers should hold over another year, and acted on that theory, and when some of the camps protested he overruled them and held to his position, refusing to call another state convention.

AUTO CHASED BY  
MADDENED STEERS  
IN LIVINGSTON CO.

Pursued by a herd of a hundred maddened steers, the Ford roadster, second grand prize in the Sun voting contest, was forced to depend upon its own power to escape in Livingston county yesterday afternoon. The road was rough and muddy, but the Ford roadster is a powerful machine and soon left the steers far behind, to whiff at a trace of gasoline and wonder at the speed of the devil-wagon.

In a hard run over almost impassable roads from Smithland to Salem yesterday, the occupants of the car met with a number of unusual experiences. In one place a mule scared at the unusual sight of an automobile in its domain and ran away, keeping in front of the machine for four miles, when it was finally driven through a gate and into a field.

Farther on, after night had come, water was needed for the machine. A stop was made and water was found at a distance of one-eighth of a mile, but nothing bigger than a baking powder can was found to carry it in. So the baking powder can was used and 26 trips were made to fill the 2½ gallon tank.

Hampton for the first time saw an automobile when the never daunted Ford made its way over the rough road and drove into town. The car was driven about town to the homes of several old people who had never before seen an automobile.

The power of the Ford roadster was given a practical demonstration on the trip from Smithland to Salem over roads called bad for want of a stronger word, and never before traveled by an automobile. Possibly there is not another machine made that could have finished this difficult trip in good time and in good condition.

Everywhere the car attracted attention. At Lola the people lined up on the street and cheered. At every town the occupants of the car were received cordially and the car itself, that never balked at roads that would stop a team, was gazed at with wonder.

## POLICEMAN SHOT

MISTAKEN FOR BURGLAR AND  
SLIGHTLY WOUNDED.Traces of Night Marauder Are Found  
Upon Investigation Today by  
Police.

By mistaking Patrolman J. R. Morris for a burglar, Prof. John Dean, 421 Clay street, shot and wounded the patrolman early this morning with a shotgun. Fortunately Mr. Morris was some distance away and the shot scattered, but some of the shot struck him in the neck, arms and legs. Immediately he went to Riverside hospital, where some of the shot were removed, and physicians pronounced his injuries not dangerous. Today he was sore from the wounds, but will be able to be

on duty in several nights. This morning about 1 o'clock Professor Dean was awakened and saw a negro creeping around the residence of John Hogan, 423 Clay street, which is adjoining. Mr. and Mrs. Hogan are away from home, and Mr. Dean secured his shotgun and concealed himself. While Mr. Dean was waiting for the burglar to show up, some one telephoned to the police station and Patrolman Morris was dispatched to the scene. As he reached the Hogan home he was not recognized as a policeman and Mr. Dean fired, aiming low to frighten the supposed burglar.

About 15 shot buried themselves near the skin. After the accident Patrolman Morris, accompanied by Mr. Dean, walked to Riverside hospital. The big patrolman laughed over the shooting. The shot were No. 6, and the thickness of his coat and distance saved Mr. Morris from more serious injury.

This morning it was found that a window had been tampered with, and the knocking down of a window prop gave the alarm to Mr. Dean. Early in the evening two suspicious looking negroes were seen prowling about the home. When awakened this morning one negro was seen crawling on his hands and knees, while a second negro was stationed as a watch. The negroes must have been given the alarm and fled.
